

A PERFECT PARTNERSHIP

Richards Building Supply is pleased to announce a new partnership with Integrity® Windows and Doors from Marvin®

Integrity from Marvin Windows and Doors didn't join the fiberglass windows and doors industry - they pioneered it. In 1994, Integrity was born from The Marvin Companies' century-long heritage of service, craftsmanship, and quality, with a focus on all-out performance.

Marvin's Integrity line of windows and doors are made with Ultrex®, a patented pultruded fiberglass, that outperforms and outlasts vinyl, roll-form aluminum, and other fiberglass composites. The result of the combination of our patented Ultrex protrusion process and our patented finish is windows and doors that resist fading, chalking, cracking, and peeling to keep your projects looking great for years to come.

With this partnership, Richards Building Supply is now recognized as one of Marvin's Full Service dealers, a designation reserved for those exclusive dealers capable of providing solutions to builders, remodelers and architects on residential and commercial projects.
